

Amritanilayam Stotras

???? ??????

Diagrammatic representation of the Amritanilayam Stotras using boxes and mathematical symbols. The structure consists of multiple horizontal rows of boxes, with some boxes containing numbers (1, 2, 3, 4) or symbols like ":" and "-" indicating specific patterns or counts. The boxes are arranged in a roughly rectangular grid pattern, with some boxes missing or empty, creating a sparse layout. The numbers are placed either inside the boxes or just outside them, indicating the length or count of the corresponding boxes. The overall structure is a complex arrangement of these elements, representing the rhythmic and structural aspects of the stotras.
