

Amritanilayam Stotras

????????? ?????? ?? ??????????????3

This block contains a series of stotras, each composed of square symbols arranged in specific patterns. Some squares are accompanied by numbers (1, 2, 3, 4) positioned above or below them, which likely indicate the count of squares or the number of repetitions for a particular part of the stotra. The stotras are organized into approximately 12 distinct groups, each with its own unique geometric arrangement. The patterns range from simple horizontal lines of squares to more complex multi-line structures with interspersed numbers.

Sri Amritananda Natha Guruvu Garu, Amrita Nilayam, Gowravaram Village & Post, Kavali Mandal, Nellore District, Andhra Pradesh.
