The image displays a grid of binary code patterns and corresponding numerical values. The patterns are represented by horizontal rows of black squares on a white background. The numerical values are shown in a small square box with a black border and a black number inside. The patterns and values are arranged in several groups, separated by blank space. The first group contains patterns from row 65 to 68 and value 66. The second group contains patterns from 69 to 72 and value 67. The third group contains patterns from 73 to 76 and value 68. The fourth group contains patterns from 77 to 80 and value 69. The fifth group contains patterns from 81 to 84 and value 70. The sixth group contains patterns from 85 to 88 and value 71. The seventh group contains patterns from 89 to 92 and value 72. The eighth group contains patterns from 93 to 96 and value 73. The ninth group contains patterns from 97 to 100 and value 74. The tenth group contains patterns from 101 to 104 and value 75. The eleventh group contains patterns from 105 to 108 and value 76. The twelfth group contains patterns from 109 to 112 and value 77.
