

Amritanilayam Stotras

??????? ???? ???? ?????? ???? ??????

The image displays a 15x15 grid of 225 squares. Each square contains a unique arrangement of black bars of varying lengths, creating a complex, abstract pattern. The bars are composed of small, adjacent squares, and their lengths range from 1 to 15 units. The arrangement of bars within each square is highly varied, with some squares containing a single bar and others containing multiple bars of different lengths. The overall effect is a dense, textured field of black and white squares, with the black squares forming the bars and the white squares forming the background. The pattern is non-repeating and appears to be a random or pseudo-random arrangement of the possible bar configurations.

Sri Amritananda Natha Guruvu Garu, Amrita Nilayam, Gowravaram Village & Post, Kavali Mandal, Nellore District, Andhra Pradesh.
