The image displays a 10x10 grid of 100 rectangles. Each rectangle is defined by a black border and has a unique width and height, creating a complex, non-uniform pattern. The rectangles are arranged in a way that they often span multiple rows or columns, creating a dense, interconnected visual structure. The overall effect is reminiscent of a barcode or a stylized letter 'E' composed of many small, rectangular segments. The rectangles are distributed across the grid, with some appearing as single cells and others as larger blocks spanning multiple rows or columns.

Sri Amritananda Natha Guruvu Garu, Amrita Nilayam, Gowravaram Village & Post, Kavali Mandal, Nellore District, Andhra Pradesh.
