 86 

A number line from 0 to 100 with various blocks placed on it. The blocks are labeled with numbers: 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100. The blocks are placed at intervals of 10 units, starting from 0 and ending at 100. The number 97 is written on the line between 90 and 100.

98

A number line from 0 to 100 with tick marks every 10 units. The number 100 is written at the end. There are four bars: a full bar from 0 to 10, a bar from 20 to 30, a bar from 40 to 50, and a bar from 60 to 70.

Figure 1 illustrates the construction of a 2D grid from a 1D sequence. The sequence is represented by a horizontal row of cells, with some cells highlighted in black. The diagrams show the step-by-step construction of the grid, with the sequence of black cells growing from left to right. The diagrams are labeled with numbers 114 through 126, and some have additional labels like '114', '115', '116', '117', '118', '119', '120', '121', '122', '123', '124', '125', '126'.
