

Figure showing 25 numbered scenarios (11-25) of a 2D rectangular grid with various rectangular cutouts or missing sections.

- Scenario 11: A grid with a small vertical cutout at the top right.
- Scenario 12: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 13: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 14: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 15: A grid with four small vertical cutouts, two on the left and two on the right.
- Scenario 16: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 17: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 18: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 19: A grid with four small vertical cutouts, two on the left and two on the right.
- Scenario 20: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 21: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 22: A grid with four small vertical cutouts, two on the left and two on the right.
- Scenario 23: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 24: A grid with two horizontal cutouts, one on the left and one on the right.
- Scenario 25: A grid with two horizontal cutouts, one on the left and one on the right.
