

Amritanilayam Stotras

The image consists of a large grid of binary code. Each cell in the grid contains either a black square or a white square, representing the binary digits 1 and 0 respectively. The pattern is highly repetitive, showing vertical columns of alternating black and white squares. This visual representation of binary data is typical of early computer memory or data storage formats.

Sri Amritananda Natha Guruvu Garu, Amrita Nilayam, Gowravaram Village & Post, Kavali Mandal, Nellore District, Andhra Pradesh.
