

The image displays a 12x10 grid of rectangles, organized into three horizontal sections labeled 9, 10, and 11. Each section contains multiple rows of rectangles of varying lengths and positions, representing data points or categories. The rectangles are arranged in a way that suggests a hierarchical or grouped structure.

- Section 9:** Contains 4 rows of rectangles. The first row has a long rectangle on the left and a shorter one on the right. The second row has a long rectangle on the left and a shorter one on the right. The third row has a long rectangle on the left and a shorter one on the right. The fourth row has a long rectangle on the left and a shorter one on the right.
- Section 10:** Contains 4 rows of rectangles. The first row has a long rectangle on the left and a shorter one on the right. The second row has a long rectangle on the left and a shorter one on the right. The third row has a long rectangle on the left and a shorter one on the right. The fourth row has a long rectangle on the left and a shorter one on the right.
- Section 11:** Contains 4 rows of rectangles. The first row has a long rectangle on the left and a shorter one on the right. The second row has a long rectangle on the left and a shorter one on the right. The third row has a long rectangle on the left and a shorter one on the right. The fourth row has a long rectangle on the left and a shorter one on the right.
