The diagram illustrates the binary representation of integers from 0 to 10. Each integer is shown as a horizontal sequence of 8 squares (bits). The first 10 rows correspond to the integers 0 through 9, respectively. The 11th row corresponds to the integer 10. A bracket at the bottom indicates that the sequence continues up to 10.

| Binary Representation | Integer Value |
|-----------------------|---------------|
| 00000000              | 0             |
| 00000001              | 1             |

| 00001010              | 10            |

This image shows a page from a Japanese document. The page is filled with numerous horizontal bar codes, each consisting of a series of black squares of varying widths. Interspersed among these bars are several Japanese characters, including '11', '12', '13', '14', and '3'. There are also some parentheses and a small square character. The layout is dense and repetitive, suggesting a technical or administrative document.

The diagram illustrates the structure of a Japanese sentence with the following components:

- Top row: A sequence of 10 boxes representing the base verb **来る**.
- Second row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.
- Third row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.
- Fourth row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.
- Fifth row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.
- Sixth row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.
- Bottom row: A sequence of 10 boxes representing the prefix **お**, followed by a box with a minus sign and a sequence of 10 boxes representing the suffix **うる**.

The diagram shows a sequence of binary numbers from 0 to 127 arranged in a grid. Each number is represented by a vertical column of binary digits (0s and 1s). The numbers are: 0, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127.

The diagram illustrates a sequence of binary strings and their relationships. The strings are represented by horizontal rows of black squares. A minus sign (-) indicates a transformation or relationship between two adjacent strings. The strings are as follows:

- Row 1: A string of 8 squares followed by a minus sign, followed by a string of 8 squares.
- Row 2: A string of 4 squares followed by a minus sign, followed by a string of 8 squares.
- Row 3: A string of 4 squares followed by a dot (.) followed by a string of 4 squares, followed by a minus sign, followed by a string of 4 squares.
- Row 4: A string of 8 squares followed by a minus sign, followed by a string of 4 squares.
- Row 5: A string of 16 squares followed by a minus sign, followed by a string of 16 squares.
- Row 6: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 7: A string of 4 squares followed by a minus sign, followed by a string of 8 squares.
- Row 8: A string of 8 squares followed by a minus sign, followed by a string of 8 squares.
- Row 9: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 10: A string of 4 squares followed by a minus sign, followed by a string of 8 squares.
- Row 11: A string of 8 squares followed by a minus sign, followed by a string of 8 squares.
- Row 12: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 13: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 14: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 15: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 16: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 17: A single square followed by a minus sign.
- Row 18: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 19: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 20: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 21: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 22: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 23: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 24: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 25: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 26: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 27: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 28: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 29: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 30: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 31: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 32: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.
- Row 33: A string of 4 squares followed by a minus sign, followed by a string of 4 squares.

The image displays a grid of 10 rows of musical notation. Each row consists of a series of vertical bars and horizontal dashes, representing a specific musical pattern or rhythm. The patterns vary from row to row, with some rows featuring more complex sequences of dashes than others. The notation is presented in a clear, black-and-white format against a white background.

The diagram illustrates a sequence of binary strings and their complements. The strings are represented by horizontal bars of black squares. A dash (-) indicates the complement of a string. The sequence starts with a string of length 4, followed by a string of length 2, then a string of length 6, and so on. The lengths of the strings increase sequentially. The sequence includes several dashes, indicating the complement of the preceding string. The final string in the sequence is of length 6.
